

The Reutberg Monastery Brewery near Bavarian Alps

Reutberg Maerzen

A brilliant style of Bavarian beer.

Using 50% dark Malts and 50% pale Malts for a beautiful light red color, this malty, unique beer is delicious. It is a bit stronger than the 2 Export Beers from Kloster Reutberg at 5.6%abv to keep you warm. It is generally consumed in Bavaria in Fall, Winter and Spring. Extremely deep and complex flavors give this beer a depth that cannot be equaled by American beers that have to hide their flaws with high alcohol and way too many hops.
